Did you know we sell e-books?

Yes, you can support your local independent bookstore, even if you own an e-book device! **How to buy e-books?** Search on our website, velveteenrabbitbookshop.com, for any book. Under "Formats," click e-book. Complete the check-out process, which will walk you through all the steps you need to take. **What readers do your e-books support?** We work primarily with Google e-Books, which support iPad, iPhone, Android, computers, other mobile devices, Nook and Sony Reader. **How are e-books priced?** Many top publishers are beginning to set *absolute* prices that are the same no matter where you buy the product. At this time, not all publishers are setting absolute prices--which accounts for the difference you may see in prices when you compare stores. **Ask us for more info about e-books!**
